

Lake County General Health Department Ohio Department of Health Approved PERSON IN CHARGE Training

The Ohio Uniform Food Code requires that a person knowledgeable in food safety and handling practices be present in a food service or establishment during all hours of operation. This Person In Charge Course is Ohio Department of Health approved and is a great way to obtain basic food safety knowledge. This course is open to everyone, however it is mandatory for new operations, those having difficulty demonstrating food safety knowledge, and facilities implicated in a foodborne illness.
